TWENTY-NINTH YEAR NO. 34.

CEDARVILLE, OHIO, FRIDAY, AUGUST 24, 1906.

PRICE \$1.00 A YEAR.

ORDINANCE HAS NOT PASSED.

Council met Friday evening, all members being present, the adjournment from the Wednesday evening session, being to take action on the ordinance making it a penalty for owners or anyone else to hitch a horse to a telephone, electric light, telegraph pole in the corporation. The ordinance was up for its second reading, and at the Mayor's call for commitment or amendment, no member spoke, "mum" being the word.

The ordinance for the first two readings was read in blank form, that is no amount was given as to what the fine should be. Before it is passed it must be filled in full. As predicted in the last issue of the Herald the measure will die from the fact that public sentiment is against it. Even members that at first favored it have since taken a different view.

The bond of James Bailey for the cutting of Cedar Street was approved by council. Messrs. Robert Tindall and A. H. Dean being on it. Council adjourned until next regular meeting.

GIRL WANTED.

A girl that is desirous of obtaining steady employment for the winter and as long thereafter as needed, can get information as to same, wages, etc., by applying at this office.

I have just opened my harness store in the room vacated by L. E. Dorn, where you can get harness, halters, pads, whips, collars, trace chains, in fact most anything kept in a first class shop. I am also prepared to do your repairing at a reasonable price.

R. E. Townley.

Elsewhere in this issue can be found the announcement of Mr. A. G. Carpenter as a candidate for county commissioner before the coming Republican primary. Mr. Carpenter comes before the voters a clean man in every respect. His knowledge of the business of the board to which he applies in a capable and efficient manner. Mr. Carpenter represents no faction nor has he the endorsement of any "boss" should he have such, the Herald could not speak of him as we do.

"Prof. F. M. Reynolds, who was for a number of years superintendent of the Harveysburg schools, moved Wednesday of last week to Cedarville, where he has been placed at the head of the schools. During his stay at Harveysburg, they were for themselves many warm friends for their steadiness to duty, and were honored members of society, as well as the Order of the Eastern Star, whose members gave them a handsome reception upon the eve of their departure for their new home—Miami Gazette.

SCHOOL NOTICE.

The Cedarville Public School will open Monday September 3rd. We desire each pupil to be present at the opening. Come prepared to help make this a profitable school year. I wish to meet at the school building at 8 o'clock a. m. Friday August 31, all pupils who were not regularly promoted last spring. Bring your grade card and be prepared to show what work you pursued last year and what deficiencies you have met this summer.

BARR ESTATE APPRAISED.

The late James Barr estate was appraised last Saturday by Messrs. Jacob Siegler, J. H. Nesbit and C. W. Cronin. The homestead was valued at \$1,200, lot where undertaking establishment is located, \$1,200 and residence across the street at \$1,000. The farm of 35 acres north of town was appraised at \$55 per acre.

RESOLUTIONS.

The Ladies Aid Society and the Women's Missionary Society of Cedarville, Ohio wish to offer a tribute of love to the memory of Mrs. Barr, who died August 2nd, 1906 in her 87 year.

She was the third to be called from our societies in less than a year. She was a charter member of the Missionary society and the oldest member of each organization. Although feeble to be an active member yet she never lost interest but was ever ready to help in the work of the Master. She loved the study of Bible word and the services of his house and even in her weakness her place was seldom vacant. She will be missed by all, but we follow her example and be also ready. We commend the children to the loving Savior whom she served.

Mrs. O. H. Milligan,
Mrs. J. H. Anderson,
Mrs. J. L. Henderson.

Whereas it has pleased Almighty God to break the life which binds our association by calling Brother George Franklin Fisher to his Heavenly reward, and whereas he sustained and unfaltering trust and met the Grim Monster with the brightest hope of that eternal bliss which awaits the final faithful, therefore be it Resolved.

First: That in the death of Brother Fisher our Y. M. C. A. has lost a strong Christian member who was unable by reason of his affliction to attend any of its meetings.

Second: Be it Resolved that we hereby tender our heartfelt sympathy to his parents and family in this hour of their sore trials and saddest bereavements and commend them to the great Comforter who is able to soothe all earthly sorrows.

Third: Resolved that a copy of these resolutions be tendered the parents printed in our local papers and spread on our minutes of the Y. M. C. A.

We shall hear his voice no more, His face we shall never again see;

But on that happy golden shore May our voices blend in sweet symphony.

May winged angels of light attend thee, Guide thy spirit to its Heavenly place;

Shield our frail Barques over Life's great sea, Until at last we see thee face to face.

P. C. Bruce,
G. W. Masterson,
J. W. Lucas.

CINCINNATI FALL FESTIVAL.

Cincinnati, O., Aug. 23 The United States Government, exhibit which will be seen at the Fall Festival to be held in this city for the four weeks following Tuesday, Aug. 28th, will be a replica of the one seen at the St. Louis World's Fair, and will occupy a space of about 3600 square feet of floor space.

In a letter just received by the Board of Directors from Lieut. J. O. Waterman, 4th Infantry, U. S. A., who will be in charge of the Government Exhibit, a list of the man-killing devices, signal crops, paraffin balls, etc., was included. The list includes:

A new style 3 in. field gun and timber with bay figures of horses and harness complete; a rapid fire gun, 40 Calibore, style proposed to be used Infantry and Cavalry Battalions; a mountain gun with pack mules; an old style muzzle loading field piece with 6 round shot; samples of projectiles, in sections, a collection of small arms showing the rifle, as exhibited at the St. Louis Exposition; a collection of miscellaneous revolvers and pistols, showing evolution of the revolver; samples of the smallest and largest cartridges used; sixteen stands of arms, Springfield model of 1903; dummy figure of pack mules; flag stands, allian flags, building flags; samples of shoes showing evolution of marching shoes; Alaska sled and dog harness, etc.

In addition to these there will be all the lay figures with uniforms and accoutrements complete including horses just as was seen at the St. Louis World's Fair; lay figure of man in buffalo overcoat; and a display of Signal Corps supplies just as seen in the United States Army and Navy.

In the latter display will be field telephones, Heliograph tripods, the different flags in use, the style of lanterns used for night signalling, telescopes, etc.

Lieut. Waterman states that the Signal Corps exhibited is now on its way to Cincinnati, and the Ordnance Display, which is to be shipped in various consignments from the various arsenals: Rhode Island, Springfield, Watertown, and Sandy Hook will reach this city about the week, and will be installed immediately. This display alone will be well worth going hundreds of miles to see, showing as it does the equipment of the greatest country on earth for protecting itself against invasion.

The Democrats met in Xenia last Saturday and held their county convention. The following county nominations were made: Commissioner, D. K. Rittenour; Prosecuting Attorney, H. N. Schlessinger; Sheriff, Wm. Racer. The delegates to the state convention were selected. Mr. O. E. Bradtke being one of them. The convention endorsed Robert W. Douglass for Congress and he was instructed to select his own delegates and alternates. The Congressional convention will be held at Lebanon.

Orville Bridgeman is nursing a broken arm as the result of an upset of a wagon he was driving for the Ohio Fuel & Supply Co., with whom he has been employed for some time. The wagon was loaded with tents and the load broke off his left arm.

W. T. Watson of Columbus brought suit before Squire Jackson attaching money in Kerr & Hastings Brokerage Company of Philadelphia. Watson claimed that the company owed him \$147 as commission for the sale of cement. The company did not dispute but that they were indebted to Watson but not to that amount. The Court allowed Watson \$23.50.

Mr. J. H. Wolford received a letter Monday from J. E. Lutz who at the time of writing was attending the state Republican convention as a delegate at El Paso, Texas. Mr. Lutz states that the shortest route from his home, Vernon, was 1,600 miles, and that by the time he returned home he would have traveled 3,400. Quite a distance to travel in one state to a convention.

Isaac Brooman, employed by Mr. Jesse Towmley during the summer brought suit against his employer in Squire Jackson court, the case being heard last Friday. Brooman brought suit on contract claiming that he had been discharged. The court found after hearing the evidence that Mr. Towmley had due him about \$25. The case of course did not result satisfactory to the plaintiff.

MORTON-MURDOCK.

The marriage of Miss Jennie Murdock, youngest daughter of Mr. S. M. Murdock on Tuesday evening to Mr. Walter Morton of Rice, Va., was quite a surprise to their many friends. The ceremony was performed by Rev. W. R. McChesney, D. D., in the presence of the immediate family.

After the dinner following the ceremony the couple took their departure for Dayton, thence to their new home.

Mr. Morton came here about a week ago on a visit and few there were that even dreamed of the approaching marriage.

The groom is a graduate of the class of 1904 of Cedarville College while the bride was a student in the same institution. Both were popular young people and have the best wishes of their many friends.

Mr. Morton has been hired as principal of the high school in his home town.

BALDWIN-JACKSON.

Miss Fannie Jackson, daughter of Mr. and Mrs. Andrew Jackson, was quietly married at their home Thursday evening at 7:30 to Mr. E. L. Baldwin of Chicago.

The ceremony was performed by the bride's pastor, Rev. O. M. Milligan, in the presence of the family and a few friends. The marriage was quite a surprise to the bride's many friends, who were unaware that such a thing was in the place.

The couple left last night for Chicago, their future home, where the groom is in business. Well wishes from their many friends follow them.

COLT SHOW.

Mr. A. O. Bridgman will hold a colt show on his farm known as the old Townsend farm, Sept. 1st, 1906 at 1 o'clock p. m. The get of his Percheron, Stallion, Indian Prince will be shown, and the following prizes awarded: Ten dollars for first seven dollars and fifty cents to second and five dollars to third, same to be credited to winner on season of 1907. To the get of Dandy Dean, yearlings and also spring colts, first three dollars, second two dollars cash to both classes. Everyone cordially invited to attend.

TEMPERANCE PICNIC.

Anticipating that the legislature will pass a county local option bill at the next session a movement was recently started at the Xenia picnic to have a county temperance picnic at the Xenia Fair Grounds, August 28, to begin at 10 a. m. and continue through the afternoon and evening.

It is desired that the temperance people of this county attend this meeting en masse and come with well filled baskets. Good speakers for the occasion are being arranged with and the day promises to be fruitful of results. Once the county local option law is passed, then will the elections every two years be dispensed with.

WETS WANT TO VOTE.

Xenia is to have another election under the local law soon, as the season element has the petition already in circulation. Forty per cent of the signatures of voters are required and then council must call an election. The "dry" will publish the names of those who want the town "wet". Such a move as this puts every man on record.

Mr. Henry Marchantell, known to many of the older residents as "Duff Henry" is spending a few days here with friends. Mr. Marchantell is located at Pasadena, Cal., and is reporting as doing well. He built the building now owned by Mr. Jacob Siegler and ran an extensive shoe making establishment during the war. Later he engaged in the milling business.

Jesse Bailey, the young son of James Bailey while running across the street Tuesday evening, was struck by a horse being driven by Mr. Walter Morton. The lad was knocked down and was unconscious for some time. He was carried to G. A. Shroeder store, but it was only a few minutes until he was able to go home as if nothing had happened.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at all drug stores.

MIAMI VALLEY FERTILIZER.

The Southwestern Test-farm of the Ohio Experiment Station is located at Germantown about 12 miles southwest of Dayton. The soil is upland clay, classified by the Bureau of Soils, U. S. Department of Agriculture, as "Miami Clay Loam", a type of soil covering a large area in this region.

An experiment is in progress on this farm in which corn, wheat and clover are grown every year, fertilizers of varying composition being applied to the two cereal crops. Wheat has been harvested in this experiment in 1905 and 1906 the average unfertilized yield for the two crops being 10 bushels per acre.

120 pounds of acid phosphate per acre, applied to the wheat crop, and following a similar application to corn, increased the yield of wheat by six bushels per acre. With acid phosphate at \$15.00 per ton and wheat at 70 cents per bushel, this increase would pay for the fertilizer with \$3.30 to spare.

When 20 pounds of potash and 80 pounds of nitrate of soda were added to the 120 of acid phosphate, increasing the cost of the fertilizer to \$3.40 per acre, the increase in the wheat yield rose to 8 bushels, leaving margin of \$2.30.

When their application was doubled making a total dress of 40 pounds per acre, costing \$6.80, the increase in yield rose to 12 1/2 bushels giving a net profit of \$4.20. Doubling the acid phosphate only leaving the nitrate potash at 20 pounds and the nitrate of soda at 30 pounds, thus increasing the fertilizer to 340 pounds, costing \$4.30, produced an increase in yield of 12 1/2 bushels, leaving a net balance of \$4.22.

The combination last mentioned would analyze about 42 percent ammonia, 10 percent phosphoric acid, and 3 percent potash, and this formula may be confidently recommended for practically all the clay soils of Ohio which have been reduced by exhaustive cropping to an average yield of less than 20 bushels of wheat per acre.

Nitrate of potash is the cheapest commercial carrier of fertilizer ammonia and potash, but no Ohio farmer can afford to buy nitrogen and potash in commercial fertilizers except as a temporary expedient, for they can be secured without cost by the feeding of clover, soy beans, etc., the feeding of these crops to live stock and the re-enforcement of the manure thus obtained with some carrier of phosphorus, such as bone meal, acid phosphate or the rock dust from which acid phosphate is made, commercially known as "floats".

The home of Mr. James McMillan has been one of unusual gaiety this week from the fact that all the sons and daughter, are here on a visit. The family usually assemble at the home place once each year. Mr. Fred McMillan, of Des Moines, Iowa, Mr. Hylan McMillan and wife of St. Louis, and Mr. Jasen McMillan of Hartford, Conn., having arrived the latter part of the past week. The other members of the family have been here some time.

Messrs. George Little and W. W. Northrup left Friday evening for Detroit, returning Tuesday. Mr. Little has purchased a new Oldsmobile for his own use and the two drove it home.

We received a card Thursday from Prof. F. L. Alexander stating that a twelve pound boy arrived at his home in Indianapolis and that mother and son are doing well.

Miss Bernice Wolford left Thursday morning for Cincinnati where she will take up her work as cashier of the Hayland Hotel in that city. The new house is one of the finest ones in the city and will open in a few days.

Mr. L. H. Whinery and wife are visiting in Sabina this week. Prof. E. A. Jurkat is assisting in the Exchange Bank during Mr. Whinery's absence.

We are authorized to announce the name of A. G. Carpenter of Jamestown as a candidate for nomination for County commissioner before the Republican Primary on September 23.

It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nerve which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

Nothing Unusual.

Two neighbors were talking their troubles to each other over the back yard fence that separated their premises.

"You know," said Mrs. Higgins, "that my husband is a carpenter?"

"Yes," said Mrs. Higgins, "that my husband is a carpenter?"

"Well, I give you my word that all our upstairs rooms are unfurnished, and the roof leaks whenever it rains, and I can't get Henry to do a thing to help."

"You're not any worse off than I am," said Mrs. Higgins. "You know my husband used to be a fireman on a locomotive?"

"Yes," said Mrs. Higgins, "that my husband used to be a fireman on a locomotive?"

"Well, just as true as I stand here, I always have to get up in the morning and make the fire!"

Apology Unnecessary.

In the days when it was common for the younger set to go into the church one of these young gentlemen had charge of an outlying chapel.

A Sunday or two after his ordination he found himself there in the afternoon with only the sermon in his pocket that he had preached there in the morning, and so the unfortunate curate had to give it over again.

He began after service to make profuse apologies to the clerk, when that functionary politely stopped him by saying:

"For bless ee, Master Charles, don't ee take on so! We never listen to ee!"—London Tit-Bits.

Last Call For Bargains in Iron.

An enterprising ironmonger in a small country town recently posted the following announcement in front of his shop:

"The reason why I have hitherto been able to sell my goods so much cheaper than anybody else is that I am a bachelor and do not need to make a profit for the maintenance of a wife and children. It is now my duty to inform the public that this advantage will shortly be withdrawn from them, as I am about to be married. They will, therefore, do well to make their purchases at once at the old rate."—London Telegraph.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

The best kind of a hair-dressing "sold for over sixty years."

REGIMENTAL REUNIONS AND FORTY-THIRD ANNIVERSARY BATTLE CHICKAMAUGA, CHATTANOOGA.

SEPTEMBER 18-20, 1906.

On September 18, 1906, will occur the 43d anniversary of the Battle of Chickamauga. It is proposed to celebrate this memorable event with a reunion of the various regiments that participated in this memorable battle and the various battles fought around Chattanooga. This reunion will be held at Chickamauga National Park, September 18, 19 and 20, and the present indications are that it will be the largest and most notable gathering ever held in the South.

On the above dates, the remnants from the armies of 12 states, comprising the following: Pennsylvania, Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Missouri, Kansas, and Kentucky, will assemble, many for the first and last time since they marched from its blood-stained fields, forty-three years ago.

Here is one of the great opportunities for the education of the youth. Don't fail to take your children and show them historical Chattanooga, with all its historical connections. It is the opportunity of a lifetime. Go and see the old war generals and other officers point out the places of interest on the battlefield; let them show you and explain, in person the markers erected on the battlefield showing the positions of the opposing armies at the time of battle. It will not be long until none will be left to do this noble work.

It will be many years, it ever again, that such an opportunity will present itself. See that your tickets read via the Louisville & Nashville R. R., the Battlefield Route. Call on your nearest railroad agent for rates and advertising matter pertaining to the reunion or write nearest representative of the Louisville & Nashville R. R.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!

The best kind of a hair-dressing "sold for over sixty years."

MEATS

We recommend it; there isn't any better.

In hot weather you have to try to get a large degree of your butcher.

Well Cared For Meats

In hot weather the only kind to buy is one that has been properly cared for, keeping them right, and they're sweet and safe when sold. Don't go around shopping when it's hot. Buy of us and be sure.
